FARMERS TO GIVE BANQUET TO-MORROW NIGHT.

Arrangements have been perfected by the farmers of Bourbon county for holding a banquet and get-together meeting in the basement of Bourbon county court house to-morrow night. The proceedings will begin at 7:00 o'clock. Addresses will be made by a number of the most prominent speakers in the State on subjects of interest to the agriculturalists, and especially on the subject of the American Farm Bureau Federation, a branch of which was organized here last week with Walter S. Meng as Chairman, and Julian Frank secretary.

The banquet is for farmers only. Addresses will be delivered and a permanent organization effected. Invitations were sent out the first of the week by the committee on arrangements, and any farmer who failed to receive one is expected to be present at the meeting anyway, and take an active part in the proceedings, which are planned to promote his interests.

The principal speakers for the occasion are General E. H. Wood, Pageville, Ky.; Dr. Fred Mutchler and Geoffrey Morgan, of the College of Agriculture of the University of Kentucky, Lexington; M. O. Hughes, Bowling Green; and S. C. Crenshaw, Cadiz, Ky.

ARTILLERY DETACHMENT HERE

A detachment of artillery from the First Division, stationed at Camp Taylor, near Louisville, visited Paris, Wednesday, in the interest of the enlistment work of the army. The men were under command of a Captain, and had with them a motor truck, field gun and autos. The outfit parked on the court house square through the day, departing late in the afternoon for Cynthiana. The big gun attracted a great deal of attention while on display.

The army detail expects to return to Paris at an early date. They are seeking to interest young men in army service. This detail is making a test run through the Bluegrass region with a standard five-ton army tractor.

The First Division was the first to be sent overseas; was first in the fight; first in the days of battle; first to capture prisoners; first to cross the Rhine, and was the last division of the army to be sent home. The First has an educational and vocational college in operation at Camp Zachary Taylor with departments of general education, automotive, electrical, building, metal, printing, music, power machinery and general business.

TOBACCO MARKETS

The Bourbon Tobacco Warehouse Co. sold Monday 31,000 lbs. tobacco for \$13,768.64, an average of \$44.16. Some of the best averages were as follows: Chas. Kuster & Son, 4,080 pounds, average \$59.04; Edward Prichard, 12,905 pounds, average \$63.79. The last sale of the season will be held to-day, when the markets will close until next December.

ADJUDGED INSANE BOURBON MAN SENT TO ASYLUM

Thomas Ormes, a Bourbon county farmer, residing on the Smedley farm, on the Cynthiana pike, near Paris, was tried in the Bourbon Circuit Court, Tuesday afternoon, on a writ of lunatic inquiring. After hearing the testimony of experts and other witnesses the jury adjudged Ormes to be of unsound mind, and ordered him taken to the Eastern Kentucky Hospital for the Insane at Lexington. Ormes was arrested Monday by Chief of Police Link after he had frightened several persons by his wild talk and conduct.

When before the jury trying his case Ormes made the statement that he was a particular friend of the deceased German Emperor, Wilhelm, and that he had been delegated to attend to all the Kaiser's personal and private business in America. He also declared that he had lately "come into possession of all the gold in the world, and didn't know what to do with it." Ormes came to Paris from Mason county, where he had been engaged in farming several years.

PARIS WOMAN ADDED TO NEW BOARD OF CONTROL

The three new members of the Board of Charities and Corrections for the penal and charitable institutions of the State appointed Tuesday by Governor Morrow are Miss Lucy Blythe Simms, Democrat, Paris; Henry P. Barrett, Democrat, Henderson; and Emil Tachau, Republican, Louisville.

The Governor re-appointed the members of the present board, who were named after he went into office. They are Dr. W. A. Ganfield, Republican, Danville; Mrs. Lafon Riker, Republican, Harrodsburg; Fred M. Sackett, Republican, Louisville; Ed. M. Hines, Democrat, Louisville; and Dr. S. H. Holly, Democrat, Lexington.

Governor Morrow invited Mrs. Alice Hegan Rice, Louisville, to serve on the board, but owing to other business interests she was forced to decline.

The new board is composed of four Democrats and four Republicans.

DISASTROUS FIRE VISITS CITY BUSINESS SECTION

For the first time in many years the business section of Paris has been visited by a disastrous fire, which did damage estimated to amount to nearly \$30,000. Hard work by the Paris fire department, supplemented by the aid of willing and zealous volunteers kept the blaze confined to the locality where it started and thereby saved a large amount of valuable business property from destruction.

About 1:30 o'clock Wednesday morning Miss Julia McCarthy, night chief operator at the Cumberland Telephone office, saw smoke coming from the building occupied by the Gatewood confectionery, on Main street, near the corner of Fourth and Main streets. She sent in a silent alarm to the fire department. When the firemen arrived flames were issuing from the roof of the building. The department was badly handicapped in fighting the fire by the low water pressure, but this was soon remedied, and their heroic efforts beyond a doubt saved the entire block from destruction.

The flames were said to have originated from defective wiring in the attic of the confectionery. The blaze soon spread to the Kid Stout restaurant adjoining, and to the building occupied by the Fair Store, and the annex used by the Fair Store as a wall paper and paint department. The firemen found their work hampered also by the heavy tin roofs covering the buildings. The upper floors of the buildings were gutted, and water added to the damage done to stocks and equipment by the blaze. The flat over the Fair Store was occupied by Mr. J. A. Stern and family. His aged mother, Mrs. B. Stern, who is over ninety years old, and an invalid was carried from the burning building in the arms of Patrolman George M. Hill. After several hours' hard work, the firemen succeeded in controlling the blaze, and kept it from spreading. The Rus Corbin barber shop, and flat above occupied by Mrs. J. V. Lytle and son, Foster, was protected by a heavy fire wall, which kept the flames from spreading in that direction.

Mr. Gatewood, proprietor of the confectionery, had lately purchased the place from Frank Burton, who returned to the railroad business, and his insurance had just been transferred. He had just sold a half-interest in the business to a Lexington man. Both were out of the city at the time of the fire, Gatewood being in Frankfort and his new partner in Lexington.

Very little of the stock from any of the stores was carried out, all being heavy losses from the combined effects of water and fire. Arrangements are being made to rebuild the damaged buildings, and all hope to resume business in a few weeks. The loss to the occupants will be doubly severe, owing to the fact that there are no vacant store rooms into which they can move their stocks at present.

Estimates made on the losses and the insurance on the damaged stocks and buildings yesterday was as follows: J. A. Stern, loss on building, \$6,500, insurance, \$4,000; loss on stock of goods, \$5,000, insurance, \$3,000; Frank Sisters, owners of the Stout Restaurant building, loss on building, \$7,500, insurance, \$6,000; Mrs. Annie Stout, loss on restaurant property, \$5,000, insurance, \$2,200; Q. T. Gatewood, confectionery, loss, \$4,000, insurance, \$2,500. Total loss about \$27,000.

SENATE PASSES HOUSE BILL TAXING GASOLINE

A tax of one cent a gallon on gasoline used in motor vehicles is imposed by a bill originating in the House, which was passed by the Senate.

A clause placed in the bill by the House exempting gasoline used in farm tractors was stricken out by the Senate because it was thought that this would make the bill unconstitutional.

It is estimated that this bill will yield \$500,000 a year, to be placed in the road fund.

The bill was attacked by Senators from the central section of the State on the ground that such a tax was unjust in view of the fact that no production tax is placed on coal, and for that reason Eastern Kentucky escapes the payment of its just share of taxes.

BOURBON COUNTY BOARD OF SUPERVISORS CONVENED

The Bourbon County Board of Tax Supervisors composed of Samuel Houston, Ben Woodford, Alex. Miller, B. J. Clay, Robert Metzer, Ray Burris and D. C. Parrish is holding daily sessions in the court house, having convened Monday. The Board will consider matters relating to the equalization of tax valuations in the city and county.

REAL ESTATE TRANSACTIONS

John Roseberry yesterday purchased privately the home of Mr. and Mrs. William Myall, at the corner of Main and Eleventh streets. The price paid was not given out for publication.

Ed. Slattery, formerly of Paris, and John L. Buckley, of Lexington, have purchased 485 acres of land in Mason county. They have let contracts for the erection of eight big tobacco barns and will raise two hundred acres of tobacco this season.

Mr. and Mrs. Stanhope Wiedemann purchased privately Wednesday of Mrs. J. T. Brown her handsome home, "Casa Loma," on Cypress street, for \$25,000. Mr. and Mrs. Wiedemann will move from their country home to their new purchase as soon as possession is given. The place is one of the handsomest pieces of residence property in Paris.

PROPERTY VALUES HAVE INCREASED—HAVE YOU INCREASED YOUR INSURANCE?

In five years building cost has increased 60 per cent; furniture 127 per cent; clothing cost 129 per cent. Consequently there has been a great increase in the values covered by the usual policy covering "Dwelling and Contents," or "Mercantile Building and Contents." The same is true of nearly every other kind of insurable property.

Late increase in values has more than covered depreciation. What was sufficient insurance five years ago may not be half enough now. To you the real value of your property is what it would cost you to replace it.

If you were burned out to-day would your loss check from the insurance company pay its rightful share of the present cost of replacing your property?

If you haven't enough insurance, let us talk with you about what amount you should properly carry.

BASKET BALL

The Paris and Versailles Y. M. C. A. basketball teams will play a game on the Paris Y. M. C. A. gymnasium floor, on the night of Thursday, March 18. Both teams are going strong, and a good game is promised. Play will be called at 7:30 o'clock.

The Cynthiana Democrat's sporting editor (beg pardon, no reference to Editor James M. Allen) gives the following interesting account of how the Cynthiana girls defeated the Paris girls' team in the game played at Cynthiana, Friday night:

"The Cynthiana H. S. basketball team broke even with Paris H. S. in two swift, hard fought battles Friday night on the gym floor. The Cynthiana girls' team gathered the Paris girls to them right from the jump off, out-generated them in all plays, and when it came to rough and tumble playing showed them some stunts they had never seen before. The score was, Cynthiana, 20; Paris, 13.

"The local boys didn't fare so well, although their playing was up to the usual high standard. There was no slowing up on their part at any time, for until the latter part of the last half it looked as though Paris would play second fiddle in both games. But Paris had one wallop left and swung with it in the last minute of play, piling up a score of 31 to 11."

To-day, March 12, at 2:30 p. m. the drawing for places in the girls' basketball tournament, will be held in the Paris Y. M. C. A. The teams drawing first and second places will then play, starting the struggle for the State championship.

The Louisville Herald, in picking an all-Kentucky quintet to contest for intercollegiate basketball honors, places Basil Hayden, of Paris, as one of the forwards on the first team. The Herald says: "Hayden, of Kentucky University, is fast in floor work, cool-headed and a good shot."

WINCHESTER THEATRE DISASTER RECALLED BY DECISION

Judge A. M. J. Cochran, at Frankfort, Wednesday, in the case of the administrator for A. Feld vs. the Pastime Theatre management and others for damages growing out of the death of Feld, dismissed the case as affecting the city of Winchester, Mrs. C. R. West and Vic Bloomfield, and continued to the next term of court the case against Mrs. Dora Luman and Arthur Bloomfield. Feld, who was a brother of Mr. David Feld, of Paris, and a number of others were killed when the wall of a burned building belonging to Mrs. Luman fell on the theatre, owned by Mrs. West and leased by Arthur Bloomfield.

The action of Judge Cochran was similar to that taken by Judge W. R. Shackelford in other cases growing out of the catastrophe, which were tried in Winchester.

FATHER-AND-SON BANQUET A SUPREME COURT RULES ON STOCK DIVIDENDS

"Standing Room Only" might well have been displayed at the local Y. M. C. A. building last night, when the hour arrived for the Father-and-Son Banquet, which has been an expectant event of the week in local circles.

When all had been seated at the banquet table, Rev. T. S. Smylie, of the Presbyterian church, toastmaster, called the program. The following toasts were given and responded to: "To Our Fathers," Alex. Rice, Jr.; "To Our Sons," L. F. Zerfoss; "Fathers and Sons Pulling Together," "In School," Ussery Taul; "In Business," H. A. Power; "In Pleasure," Alonzo Jacoby; "In Church," J. T. Tucker.

During the banquet and after that event a musical program was rendered by Clay Sutherland, Mrs. Macie White Fithian and Mrs. Edward Prichard. The orchestra, composed of Maurice Clark, Bryan Doty, William M. Talbott, Grover Baldwin, Barnett Winters, Esther Boatright and A. L. Boatright rendered a number of highly pleasing musical selections, and played accompaniments for the singers. The entertainment was greatly enjoyed by the large audience.

Considerable rivalry developed among committees from the different churches as to which would have the largest delegation at the banquet, and it was a hard matter to decide. The honors were closely contested between Peale Collier and his committee from the Presbyterian church, E. J. Burris and committee from the Christian church, J. T. Tucker and committee from the Baptist church, and Harry Kerslake and committee from the Episcopal church. No decision was made, and the matter was left open last night for the judges to render a decision later on. A prize will be presented to the leader having the largest delegation.

FORMER PARISIAN OPENS GARAGE IN RICHMOND.

The Richmond Register has the following regarding a new automobile firm there, the junior member being Percy Reid, who married Miss Effie Paton, of Paris:

"Formal announcement is being made of the establishment of agency here for the Hudson and Essex automobiles by a new firm composed of two well-known local men, Messrs. Elmer Deatherage and Percy Reid. The firm name will be the Deatherage-Reid Motor Company and for the present the firm will have its office at the old Madison garage building on Second street. Both of the members of the firm are among the best known and most progressive business men in Richmond, and their connection with these two popular cars means that there are going to be a lot of them used around here this season."

The loss of the government as a result of the Supreme Court's decision declaring stock dividends not taxable as income will be nearly half a billion dollars, according to an estimate by Commissioner of Internal Revenue Roper.

With some 4,000,000 dividend returns on the bureau's files, it will take months to make an accurate estimate to the effect of the decision, Mr. Roper said, but a hasty search indicates that \$70,000,000 paid in 1917 and 1918 will have to be returned, while the loss in uncollected taxes in 1919 will be \$700,000,000 and that of 1920, \$200,000,000.

Some of this loss, the Commissioner said, will be offset by the tax on stock sales. Mr. Roper emphasized that estimates of the government's loss are not official and that the loss might be found to be larger than now estimated.

FORMER BOURBON RESIDENT ARRESTED ON MURDER CHARGE.

On information supplied the authorities by Chief of Police Link, of Paris, Lovell Hayes, formerly of Bourbon county, was placed under arrest in Warren, Ohio, charged with the murder of a policeman at Saratoga Springs, New York. He is now in jail at Saratoga Springs, awaiting trial.

Hayes was thought to be in this locality, and warrants were placed in the hands of Chief of Police Link and Patrolman Lusk. From information gathered from various sources, Chief Link finally traced Hayes to Warren, Ohio, where he had secured employment. The Chief of Police at Saratoga Springs and at Warren were communicated with, and Hayes' arrest followed.

Chief Link received a letter from the Saratoga Springs Chief, complimenting him on his good work. No details of the killing for which Hayes was wanted are known here.

INJURED IN BLAST.

Amos Gust, colored, employed by the Bourbon Lumber Co., was severely injured Tuesday, when he was struck in the chest by a big rock dislodged by a blast set off by city workmen near the lumber yard.

The men were working on a sewer when the blast was set off. Gust, who was working in the lumber yard near by, failed to hear the warning cries. He was rendered unconscious by the blow, and it was feared at first he had been fatally injured. He was removed to his home where medical aid was rendered, and he will recover.

WILSON ACCEPTS ALLIED RESERVATIONS.

WASHINGTON, March 11.—While expressing satisfaction at the "unaltered" desire of the Allied leaders

to reach an "equitable solution," President Wilson in his last note to the French and British premiers accepted with reservations the proposal that Italy and Jugo Slavia themselves be permitted to settle the Adriatic dispute.

Expressing the view that it constitutes more than a mere exchange of views and is in fact a statement of principle, the President refused to agree to a withdrawal of the British-French-American memorandum of December 9. At the same time, he indicates his unalterable opposition to the execution of the terms of the treaty of London except insofar as the United States government may be convinced that those terms are just and are consistent with the maintenance of peace and settled order in southeastern Europe.

While he said he would gladly approve a mutual settlement between Italians and the Jugo Slavs which would be without prejudice to the interests of any third nation, the President declared he cannot possibly approve any plan which assigns to Jugo Slavia in the northern districts of Albania territorial compensation for what she is deprived of elsewhere.

Albania questions, he further said, should not be included in the proposed joint discussions. If Italy and Jugo Slavia, he said, prefer to abandon the so-called buffer state and desire to limit the proposed free state to the corpus separatum of Fiume, placing the sovereignty in the League of Nations, the United States is willing to leave the determination of the common frontier to Italy and Jugo Slavia. The text of the President's reply to the premiers was made public Sunday.

DEMOCRATIC LEADERS LAY PLANS FOR "LOVE FEAST"

The Democratic State Central and Executive Committee members and leaders of the party in Kentucky met in Louisville, Saturday, and laid plans for a "love feast" in Louisville, March 18, at which Homer S. Cummings, chairman of the Democratic National Committee, will deliver the principal address. Unit-state Senator Carter Glass, of Virginia, former Secretary of the Treasury, also was present.

The party leaders met at a banquet given by P. H. Callahan, who has taken a leading part in the preliminary organization work. The State Central and Executive Committee met in the afternoon and party organization was said to have been discussed.

Senator A. O. Stanley, Thos. Rhea, of Russellville; State Senator Chas. M. Harrison, of Versailles; Collector of Internal Revenue Elwood Hamilton, Harry Sommers, of Elizabethtown, and others were present.

Kentucky Mothers

Paducah, Ky.—"I wish to state some facts about Dr. Pierce's excellent medicine, 'Favorite Prescription.' I used it during expectancy and found it the best remedy I could get. I always feel strong and my back never gives me any trouble at all. I have used it at other times and it acts like a charm, it takes away all aches and pains and promotes regularity."

"I hope others will try it for it is a blessing to women."—MRS. M. GRIFFIN, 1241 Trimble St.

A Kentucky Woman Who Suffered

Paducah, Ky.—"After first becoming a mother, I was in miserable health. I developed a severe case of feminine trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hope of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. My health was completely restored."—MRS. ANNIE SMITH, 1110 N. 12th St.

Dr. Pierce of Buffalo, N. Y., long since found out what is generally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, pains, irregularities, and for the many disorders common to women in all ages of life. In liquid or tablet form, send Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., 10c for large trial package tablets.

THE NATIONAL FUND FOR MAC-MONNIES STATUE

Kentucky is called upon to contribute \$6,000 as her share of a national fund of \$250,000 for the Mac-Monnies Statue, commemorating the first battle of the Marne, which will be America's gift to France. The campaign will be conducted throughout the State the week of March 22.

Governor Edwin P. Morrow has been appointed Honorary Chairman of the campaign, and Peter Lee Atherton has been selected as the State Chairman.

The purpose of this campaign is to present to France a monument on the site of the Battle of the Marne. The American sculptor Frederick MacMonnies is now working on the sketches. Mr. Atherton in announcing the plans for the campaign said that in order the statue may be in truth "America's Gift to France," the funds must come from all parts of the country, from every people in every walk of life. With the comparatively limited sum required it has been thought wise to solicit popular subscriptions ranging from one cent to any amount the donor cares to give. A special appeal to the school children is being made.

This proposed statue has been endorsed by the American Legion and their members will be one of the big factors in the campaign. Every post in Kentucky has been notified and have agreed to assist as much as possible in putting the drive across.

OUR CENTER OF POPULATION

How many of us can tell off-hand the exact center of the population of the United States? Every ten years the government calculates with great accuracy just where this point lies. The center moves westward at the rate of about fifty miles every ten years. When the center was first calculated in 1790 it lay three miles east of Baltimore, Md. In the first ten years it moved forty miles westward. By 1860 it had reached the State of Ohio and is to-day crawling slowly across the State of Indiana. In 130 years the point has traveled westward about 600 miles.

SAYS SHE HAD "FLU" 5 TIMES WITHIN YEAR

System Badly Weakened As Result—Vola-Tonic Gave Her Strength.

Men and women who had influenza and experienced the weakened, run down condition in which the disease leaves the system will know how Mrs. G. M. Rutledge felt until she took Vola-Tonic recently. Mrs. Rutledge, who lives at 1921 Windsor street, Cincinnati, O., said she had influenza three times and was in a weakened condition as a result. "The three attacks of influenza left me badly weakened and run down," Mrs. Rutledge said. "I had severe headaches constantly and my nerves were out of order also."

"Vola-Tonic was recommended to me so highly that I got a bottle and started taking it. Before I had taken Vola-Tonic two days I noticed a change all over my system. I could see that I was getting stronger. 'I kept on taking Vola-Tonic and now I am better in a great many ways.'"

"I know Vola-Tonic is a good medicine and I'm sure it would prove very beneficial in many cases like mine if taken according to directions."

Thousands of men and women who had influenza are still suffering from the nagging, energy-sapping after effects of the disease. They have been unable to get back normal strength and health. In many instances ailing conditions of the stomach, liver and kidneys seem to be distinctly worse since influenza came.

Vola-Tonic, "Builder of Strength," is what many of these men and women need. Vola-Tonic invigorates the entire system and builds up new strength and better health.

Vola-Tonic, "Builder of Strength," is being specially introduced in Paris, at Varden & Son's.

What's Your Farm Worth?

What did your tobacco crop bring you? Do you know that the demand for export and the increased consumption of "Bright Leaf" forced unusually high prices and really FORCED the market above what it would have been under normal export and ordinary increase? You know that every abnormal market must react. Well that's history and part of it caused by the late war, but it all has to do with our question, "WHAT'S YOUR FARM WORTH?" If tobacco prices hold up, farm lands in Kentucky will continue to hold up. If the bright leaf market is lost by the destruction of cigarettes, farm lands will go down with falling prices. One farmer was bemoaning the increase in his land tax. He seemed to forget that land he bought for \$125.00 an acre now commands \$450.00. We can't keep it all. Even Uncle Sam wants his share. So if our land is valued at two or three times what we paid for it, we must pay higher taxes. That is settled. Now what will your farm land be worth if you cannot raise tobacco? Some folks are mighty busy already against tobacco, and we suggest that if you do not know what is going on, that you write the ALLIED TOBACCO LEAGUE OF AMERICA, Pickering Building, Cincinnati, O. If your farm is worth it—better keep posted anyway. Are you interested enough to write for information on "How To Keep Farm Land Producing Profits?" Be informed and then you will know and appreciate what is being done to conserve your farm investment. (2-4)

VILLA'S MEN HOLD AMERICAN FOR RANSOM.

EL PASO, TEXAS, March 11.—Joseph Williams, an American employee of the American Smelting and Refining Company plant at Pedernales, Mexico, is a captive in the hands of Francisco Villa held for \$50,000 ransom, according to passengers from Southern Chihuahua, who have arrived at Juarez, Mexico, opposite El Paso.

He, with M. Nasar, an Arabian merchant, was made prisoner by Villa when the bandit leader directed an attack on the northbound Mexico City-Juarez train last Thursday morning near Corralitos, 400 miles south of El Paso.

In a fight between Villa's men and the train guard, ten bandits and nineteen train guard were killed and the remaining fifty defenders either wounded or driven off.

The train and sleeping car conductors were among the dead, the latter being killed by a shot from Villa's pistol, the passengers said.

When the fighting ceased the bandits herded the travelers to a small hill, where Villa harangued and threatened them with death. Later, according to eye-witnesses, he broke into tears and told them he would spare their lives out of respect to the memory of General Felipe Angeles, who recently was executed by Carranza authorities at Chihuahua City.

Williams and M. Nasar were forced to accompany the bandits when they rode away, leaving the other passengers marooned in the desolate country.

HAS HAD STOMACH TROUBLE FOR SEVEN YEARS.

Theodore Sanford, of Fenmore, Mich., has had stomach trouble for seven years and could not eat vegetables or fruit without pain in the stomach and restless nights. By taking Chamberlain's Tablets he is now able to eat vegetables or fruit without causing pain or sleeplessness. If troubled with indigestion or constipation give these tablets a trial. They are certain to prove beneficial. (adv)

THEY ARE BEGINNING TO SEE IT

There is evidence that people off the farms are beginning to estimate the people on the farms at a bit nearer their true value, and that business, professional and laboring men are beginning to see that the farmer, too, is a factor to be considered in any adjustment of industrial relations.

The epidemic of strikes, selfish foolish as it has been, has not been without some by-products of good. It has, for one thing, led the farmer to protest so that other men must hear his protest. "Capitalists" and "laborers" alike have been brought to the point of asking what would happen if the farmer should strike; and fair-minded city people have been brought to the point of seeing that the farmer is a laborer—the country's most poorly paid laborer for the work he does—as well as a business man—the business man on whom the burden of price readjustment is being deliberately laid.

These things city people are beginning to understand. It is our duty as farmers to see that they are made fully to understand them. We must keep on explaining and protesting until only the wilfully ignorant can imagine that all a farmer gets for his crops is pure gain, and until only the wilfully thoughtless are willing to see production lessened by inadequate pay to the producer.

MISSOURI COUPLE DEED FARM TO JESUS CHRIST.

A deed of trust, turning over to Jesus Christ 120 acres of Randolph county land near Moberly, Mo., has been found in the Randolph county court house. It was made 70 years ago by Mr. and Mrs. Johnson Wright, who were said to have been very pious.

After the couple's death, their descendants continued to live on the land and have never contested the instrument. In part, it follows:

"This indenture, made and entered into this 6th day of June A. D. one thousand and eight hundred and fifty, between Johnson Wright and Eliza Jane, his wife, of the county of Randolph, and State of Missouri, of the first part, and the government of the chief administrator, King of Righteousness, the Son, the Fountain of Life, to the General Assembly and church of the first born which are written in Heaven and to God, the judge of all, and Jesus, mediator of the new covenant, and to the blood of sprinkling that speaketh better things than that of Able, because He died for us—"

BROTHER AND SISTER DIE FEW HOURS APART.

LEXINGTON, KY., March 11.—The bodies of Wilmer Williams, 21 years old, and Miss Eva Williams, 17 years old, brother and sister, who died within a few hours of each other at a Louisville hospital Sunday, were taken through Lexington Monday on the way to Owingsville for burial. Each died following minor operations.

The brother was conscious when his sister died in an adjoining ward. He was told of her death. In a few hours he was dying.

Wilmer Williams, was admitted to the Louisville hospital February 23 from the home of relatives. The girl was brought to the hospital from the home of her parents, Mr. and Mrs. C. J. Williams. She was suffering from ear trouble. The family recently moved to Louisville from Owingsville.

HOUSE PASSES BILL REGULATING AUTO TRAFFIC.

The House of Representatives passed the bill introduced by Representative B. A. Roth, of Louisville, to regulate traffic on public highways, fix automobile licenses and provide for their being issued by County Clerks, by the vote of 54 to 14. The bill was backed by the Louisville Automobile Club and similar clubs throughout the State.

The House went into a committee of the whole to hear former Attorney General Charles Morris explain the provisions of the measure. The three outstanding features of the measure, he said, look to expediency in obtaining metal tags for cars by having County Clerks issue license; provide better traffic regulations and prevent traffic in stolen automobiles. Another good feature of the bill, he said, solves the question of refund on license where cars change hands.

The bill allowed the County Clerks a fee of 40 cents for issuing license, the fee to be paid by the automobile owner. This feature of the bill Representative Clario thought objectionable on the grounds that automobile owners are already paying more than their just amount of taxes. He offered an amendment which provided that the 40-cent fee is to be deducted from the license collected, and the amendment was adopted by the House.

Motorcycle license fees are fixed at \$10 and automobile fees sixty cents for each horse power. The registration fees on trucks are \$22 for 1,000 pounds or less; \$33 for more than 1,000 pounds and less than 2,000 pounds; \$40 for more than 2,000 pounds and less than 3,000 pounds; \$50 for more than 3,000 pounds and less than 4,000 pounds; \$70 for more than 4,000 pounds and less than 5,000 pounds; \$90 for more than 5,000 pounds and less than 6,000 pounds; \$100 for more than 6,000 pounds and less than 7,000 pounds; \$150 for more than 7,000 pounds and less than 8,000 pounds; \$150 for more than 8,000 pounds and less than 9,000 pounds; \$150 for more than 9,000 pounds and less than 10,000 pounds; more than 10,000 pounds; \$150 for each additional ton.

The amendment of Representative James H. Thompson limiting the load to be hauled by trucks to six tons was adopted.

The bill of Representative Thompson, of Bourbon county, to make Paris a center of construction in the State highway system, amended to include Paintsville, Sandy Hook and Louisa as centers of construction, was passed, 64 to 0.

EDWARD SIMMS PURCHASES PRINCE PAL.

Prince Pal, the imported son of Prince Palatine and Wilful Maid II, who is conceded to have a royal chance for the Kentucky Derby, was purchased Sunday from the J. H. Wheelright estate by J. W. McClelland, acting for Edward F. Simms, of Paris, and Beaumont, Texas, and Henry Oliver. Although the price was not made public, it is stated on good authority that the transaction involved \$35,000. The colt will undergo an extensive course of training for the classic race at the Churchill Downs. He will run in Mr. Simms' colors.

It is also considered possible that Mr. Simms may have an eye toward using him in the stud at Kalapa Farm, near Paris, in the future, as his royal breeding will entitle him to much consideration among Kentucky stallions. His sire, Prince Palatine, is one of the greatest producers now standing in Great Britain and his dam is by Sundridge, sire of Sun Brar.

NO FUNDS IN SIGHT FOR MOUNT-ED POLICE.

"Whenever the State of Kentucky is in a financial condition to maintain State Mounted Police," Gov. Edwin P. Morrow told a delegation of women from Lexington, who came to discuss the question of a Mounted Police force law with him, "I am in favor of it."

Such a law now, he said, would entail an annual expenditure of \$365,000, and the State has not the money for this purpose. He told the delegation the State was not able to give sums running up into the millions needed for the State charitable and penal institutions, the feeble-minded institute and many other important things.

"Whenever the State," he said, "is in condition to meet the demands for its institutions, schools and other things so badly needed, then I will favor the Mounted Police law, for I think the principle is all right, but at the present time the State has no money for this purpose."

The delegates were satisfied with the statement of the Governor, and so expressed themselves, saying if it were a question between the feeble-minded institute and the Mounted police, they would much prefer the money to go to the institute.

COLORED WOMAN TO CELEBRATE 103D BIRTHDAY.

To-morrow, Saturday, March 13, Mrs. Mary Ann Kelly, colored, of Ruckerville, a colored suburb of Paris, will celebrate the one hundred and third anniversary of her birth. She was born in Scott county on March 13, 1817, and has in her possession documentary evidence of that fact, legally attested. Her son, Richard Kelly, with whom she resides, was born on December 13, 1838, and is now seventy-four years old. On her last birthday Mrs. Kelly enjoyed visits and congratulations of her many white friends and proudly displayed a large birthday cake, containing one hundred and two candles, the gift of Miss Lucy Blythe Simms.

STATE CHAMPIONSHIP BASKET BALL TOURNAMENT.

The State championship basketball tournament to be held in the gymnasium of the University of Kentucky to-day and Saturday will resemble a six-day bicycle race in that it will be a test of endurance for the spectators. The tournament will begin at 11 o'clock this morning and teams will be in action continuously until 10 o'clock at night. Games will begin on the hour Saturday morning will see the end of the tournament and the "K" men of the University will entertain with a dance in the armory for the basketball visitors from all over the State in the afternoon.

Eighteen teams have given definite assurances that they will be on hand this morning at 11 o'clock, two others are probable starters and several more are still in the running for entrance. The teams signed up are: Anderson County High, Shepherdsville High, Carrollton High, Ashland High, Covington Senior High, Cynthiana High, Danville High, Highlands High, Port Thomas, Glasgow High, Lexington Senior High, Lexington Model High, Lawrenceburg High, Monticello High, Newport High, Pikeville High, Paris High and Somerset High.

R. W. Owens, Dr. Funkhouser, Andy Gill, Dr. J. J. Tigert, of the University of Kentucky, and James Park, Transylvania College, will act as referees.

INFORMATION WANTED BY MONTANA WOMAN.

Postmaster J. Walter Payne received a letter on Wednesday from Mrs. Pauline Bryan Wild, of Butte, Montana, asking for information concerning some of her relatives, the Hunt family, who resided in Bourbon county at one time. The letter was turned over to THE NEWS by Postmaster Payne, in hope that its publication would bring the desired information. The letter follows:

"Butte, Montana, March 6.

"Postmaster, Paris, Ky.

"Dear Sir:—I am very desirous of securing some information relative to my kinspeople who formerly resided in your county, some members of Mr. Jerre Hunt's family, who formerly lived in Paris. I am taking the liberty of writing to you, hoping you may help me straighten out my family history, so that I may become a member of the Daughters of the American Revolution, on the Hunt side.

"From an old letter received from a cousin, Mr. R. G. Bryan, of Paris, Ky., some years ago, he mentioned a nephew, Mr. George Hunt, of Paris, of my grandmother, Sarah Hunt Bryan, who had gone from Kentucky to Missouri. Her mother was Margaret Wilson, who married John Hunt. He was born September, 1749, place and State not given. This date was taken from his Bible by someone in Fayette county, Kentucky. Can you get someone to tell me if Margaret Wilson Hunt was a sister of James Wilson, a signer of the Declaration of Independence or not? I would like to know, if it is possible to ascertain, if John Hunt, my great-grandfather on my grandmother Bryan's side, was related in any way to Jonathan Hunt, my great-great-grandfather, on my grandfather's, Milton E. Bryan's side? Jonathan Hunt was born in New Jersey in 1714, later going to Rowan county, North Carolina. When a widow she married Rev. John Gano. I have never been successful in getting her name right, or her mother's name, or which wife she was the daughter of.

"It seems to me that it has taken me a long route to tell you this and ask you this, but I will be grateful for any information from any source whatsoever. Thanking you for your kindness, I am

BILL TO PROTECT INVESTORS IN STOCKS.

A "blue sky" bill for the protection of investors in speculative stocks was passed by the Senate of the General Assembly of Kentucky at the Wednesday's session. It was introduced by Senator Sterling Marshall, of Henderson county, and supplanted a bill introduced by Senator Clarence Miller, of Estill county, which sought to accomplish the same result by different means. Senator Marshall's bill requires companies desiring to sell speculative stocks in Kentucky to file a report with the State Banking Commissioner giving the organization of the company, assets and liabilities, projects which it proposes to develop and the amount of commission paid to stock salesmen. The commissioner must then permit or deny the right to sell the stocks. It exempts stocks of recognized value such as those issued by government, States and municipalities.

MRS. INGELS' WILL PROBATED IN LEXINGTON.

The last will and testament of Mrs. Ben C. Ingels, of Lexington, formerly of Paris, who was killed by an army truck in Hot Springs, Ark., some days ago, was probated in the office of County Clerk Lewis, in Lexington, this week.

Under the provisions of the instrument, which is dated Oct. 12, 1917, and witnessed by F. Mahorney and Hallie Mahorney, Misses Katie, Belle and Margaret Ingels, are the principal beneficiaries. The will stipulates that after her debts and funeral expenses have been paid and the sum of \$1,000 has been given to each of her sons, Ben C. Ingels and Leslie B. Ingels, the remainder of her property is to be divided among her three daughters. Leslie Ingels is appointed executor without bond.

MEMENTO OF OLD-TIME BOURBON BARBECUE

Editor "Uncle Bill" Schooler, of the Somerset Commonwealth, one of the best country papers in Kentucky, sends THE NEWS the subjoined clipping, taken from a copy of THE Ninth Legion, a paper published in Mt. Sterling, by Samuel Pike, under date of Wednesday, August 24, 1859:

"THE BOURBON BARBECUE."

"The Democracy of Old Bourbon have resolved to give an old-fashioned Barbecue at Paris, on the 25th day of the present month, in honor of the election of Captain William E. Simms, to Congress, and the election of Col. John A. Prall to the State Senate.

"We have received a special invitation to be present, with a request that we extend an invitation to the Democracy of Montgomery and the adjoining counties, to be present and partake of the hospitality of their Bourbon friends. That invitation we here give, and hope to see a full turn-out on that occasion. There will be a 'grand-rally' from all the counties in this section of the State, and a general rejoicing will be witnessed by the Parisians, such as they have not often (if ever) observed. It will be the largest coming-together of the people ever witnessed in Paris, and we hope the time may pass off pleasantly. No people are better prepared to feed a hungry crowd than the yeomanry of Old Bourbon!"

BOURBON FARMING CONDITIONS

Bourbon county farmers have been delayed in their farm work by alternate days of cold weather and rains, the last two days furnishing enough moisture to keep them indoors or to at least prevent outdoor work. Plowing for spring crops has been retarded by the cold and rains, and it will push many farmers to catch up with their work unless there is a return to more favorable conditions.

The sales of the 1919 tobacco crop is as good as ended, as to-day will mark the last sale to be held at the local houses. The acreage of the 1920 crop will be very large. Already timber is being hauled and preparations being made for burning beds for the sowing of seed. Many are experiencing difficulty in securing land for tobacco this season, as well as the procuring of sufficient labor for handling the crop through the various processes from planting to selling.

The wheat crop has weathered the winter in fine shape, and the recent snows have been very beneficial to the young sprouts. The acreage is said to be rather small, due to the adverse conditions at seeding time.

Strong sales on live stock are the rule, with mules the outstanding feature of the sales reports. Country produce continues to hold up well.

ATTENTION, TOBACCO GROWERS!

POTASH is the thing that tobacco needs for rapid growth and quality. Our stocks of SWIFT'S BLOOD AND BONE FERTILIZER have just arrived. This contains FIVE PER CENT POTASH, which is two to four per cent MORE than has been manufactured since before the war. Take a bag or two out to your plant beds now, and let us book your order for what you require for your patch before it is all gone!

PHOENIX AMUSEMENT COMPANY LEASES LEONARD HOTEL

It was reported yesterday that the Phoenix Amusement Company, which owns and operates the Lexington Opera House, the Ben Ali Theatre and the Strand Theatre, in Lexington, and the Grand Opera House and Alamo Theatre, in Paris, has tentatively closed a deal for a ninety-nine year lease on the Leonard Hotel property on Main street, but the Amusement Company representatives would not discuss the transaction until the details are fully matured. The Leonard Hotel is owned by the Harting estate.

According to information, the Phoenix Amusement Company will entirely remodel the purchased property and convert it into a magnificent motion picture theatre, which will be one of the largest and finest in the South.

The company's plans now under consideration also provides for the sale of the old Lexington Opera House for a garage, and the transfer of its road show program to the Ben Ali Theatre, which was built by the late James R. Haggin for the legitimate drama, but which for several years has been operated as a motion picture house.

PROHIBITION LAWS IDIOTIC SAYS STANFORD EDITOR

The Stanford Interior-Journal says: "The prohibition law provides that a man can not have even on a doctor's prescription, more than a pint of whisky each ten days. In Louisville the other day, a horse was taken very ill and a veterinary prescribed a heavy drench of whisky. Effort to secure it was made to Collector Hamilton, who held that a horse is no better than a man and therefore no more than a pint could be had for him. 'Idiotic, indeed,' are some laws and more idiotic in their administration."

INJURED IN AUTO ACCIDENT

While en route to his work Tuesday a machine driven by Thos. Boaz, contracting carpenter of Paris, turned turtle at a point on the Cane Ridge pike. The machine plunged through a wire fence at the side of the road. Mr. Boaz was thrown over the fence into the field, striking on his head and side, inflicting serious injuries. He was brought to his home on Nineteenth street, in Paris, where his injuries received medical attention. When the machine overturned a large tool chest was thrown on top of Mr. Boaz.

PARIS GIRLS WINS HONORS IN COLLEGE PLAYERS

On "Amateur Night" given by The Strollers, dramatic organization of the University of Kentucky, in Lexington, recently, Miss Louise Connell, of Paris, won the first prize awarded for the best single skit. Miss Connell's interpretation was very clever and was awarded the highest praise. Although this is her first year at the University, she is one of the most popular co-eds on the campus.

Miss Connell is a daughter of Mr. and Mrs. John J. Connell, of Paris. She is a member of the Kappa Delta Fraternity, the Philosophical Literary Society, the Strollers, the Y. W. C. A., the University Glee Club and the University Press Club.

EUROVE NOW AN AMERICAN CITIZEN.

Isaac Eurove, of Paris, did not know when he went to Frankfort to apply for naturalization papers that he was already an American citizen. Eurove, who is a native of Clerksburg, Russia, went to Frankfort, accompanied by John Peter Cain and Charles J. Lancaster, of Paris, and applied to the Clerk of the U. S. Court for papers. When he told the Clerk that he had served in France with the American Expeditionary forces during the world-war, Eurove was astounded when the Clerk informed him that such service had already made him an American citizen. The necessary papers were quickly issued and Eurove returned to Paris one of the happiest men in the city because of his newly-acquired citizenship.

REMINDER OF OLD DAYS

In the Louisville Courier-Journal of Sunday, Mr. Robert S. Porter, the versatile local correspondent, has a feature article dealing with the days of the old-fashioned stage coach in Paris and Central Kentucky. Mr. Porter's article is well gotten up, and tells of the days when the arrival and departure of the old stage coach was a great event, in the life of Paris citizens. It has a local connection in giving the adventures of two well-known reismen of that day, Jack Hook and John Griffith, both of whom later on were identified with the business interest of the city in other lines. The article is illustrated with a picture of one of the old "horse-ships" that carried passengers, mail and express from one end of the line to the other for many years, finally giving way to the march of progress.

The photo of the old stage coach from which the illustration in the article was made was secured through Mrs. W. T. Brooks, of Duncan avenue, who prizes it very highly as a souvenir of the olden days of stage coach. The photo has been in her family for many years.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Mrs. Floyd Hiatt, of Charleston, W. Va., is a guest of Mr. and Mrs. Clay Sutherland.

—Mrs. Wilson Wilder returned the first of this week from St. Augustine, Florida, where she spent the winter.

—Misses Henrietta and Bettie Howard have returned from a visit to their cousin, Miss Jessie Haley, in Cynthiana.

—Miss Lydia Brown, of Millersburg, has accepted a position as housekeeper at the Petree Sanatorium, on Vine street.

—Miss Louise Howard has returned to her duties in Cynthiana, after a visit to her parents, Mr. and Mrs. J. H. Howard, on Cypress street.

—Mrs. Amos Turney, Sr., and Misses Lucy and May Colville have returned from a three-weeks' visit to friends and relatives in Clearwater, Fla.

—Mrs. C. G. Holliman, of Detroit, Mich., formerly Miss Gladys Snapp, of Paris, is a guest of her mother, Mrs. Alice Snapp, and family, on Lillieston avenue.

—Mr. and Mrs. Overton Harber, of Richmond, were guests this week of the latter's mother, Mrs. Laura Wiggins, and her brother, Squire John Wiggins, near Hutchison.

—Mrs. T. D. Berkley, who has been a patient at St. Joseph's Hospital, in Lexington, for several weeks, has been moved to her home on the Maysville pike, near Paris.

—Former Fire Marshal Edward M. Hite, of Lexington, was a business visitor in Paris, yesterday, interviewing the city dads on the subject of a new fire auto truck and other matters.

—Messages received in Paris yesterday from Paris people in Florida stated that a severe cold wave had just begun to relax its rigor in the South and that the "Sunny South" was not so warm, after all.

—Mrs. Richard Biddle, who has been a patient at the Massie Memorial Hospital for several weeks, recovering from an operation for appendicitis, has recovered and returned to her home near Paris.

—Mrs. George Rassenfoss, formerly of Paris, who has been seriously ill for several weeks at her home in Mt. Sterling, has been taken to St. Joseph's Hospital, in Lexington, where she will undergo an operation.

—Mrs. Curtis P. Smith, of Dallas, Texas, who has been spending the winter in Paris this week to visit her mother, Mrs. Wm. Renick, and Mr. and Mrs. James Duncan Bell, on High street. Mrs. Smith will be joined here by her son, Renick Smith, who is engaged in journalism in California. They will sail about April 1, for a tour of Europe.

—Miss Nell Whaley, who has been in North Carolina and Georgia for several months in the Red Cross work, was recently notified that she has been placed on the Educational Survey Staff of the Southern Division. Miss Whaley left Atlanta last week for Miami, Florida, where she has been called to make a survey of the educational conditions of that city.

—Mrs. James W. Thompson, of Paris, was hostess Tuesday afternoon at a delightful meeting of her bridge club at the home of her aunt, Mrs. M. F. Elmore, on Ashland avenue, Lexington. The rooms were fragrant with decorations of yellow jonquills and narcissus, and a delicious supper was served, the bon-bons being in the same colors. The prize for the highest score was a fancy Dennison handy box. Fourteen guests enjoyed the hospitality of the afternoon.

—Mr. and Mrs. Henry L. Terrill were hosts at their home on Fifteenth street with a "Neighborhood 500 party." Delightful refreshments were served. The guests who enjoyed the hospitality of the evening were: Mr. and Mrs. Curtis Henry, Mr. and Mrs. Amyx, Mr. and Mrs. Clarence Ashurst, Mr. and Mrs. Teegar, Mr. and Mrs. Ed. Faulconer, Judge and Mrs. Geo. Batterson, Mr. and Mrs. Jaynes Savage, Mr. and Mrs. James Shea, Mrs. Taylor Chandler, Mrs. Edward Caldwell, Mrs. Mary Walker, Mrs. Jefferson Smith, Misses Marcela Ryan, Madeline Huddleston, Mary Shannon and Sara Daniel and Mr. Anderson Cahal.

—The American Legion's dance given Wednesday night in the Masonic Temple ball room was, despite the miserable weather, easily the most brilliant social event of the 1920 season in Paris. The room was artistically decorated in National colors, bunting and flowers. The guests for the most part, were former service men, who came attired in their uniforms. The scene was one of brilliancy and made a lasting impression on the beholder. There was a large attendance from out-of-town, but in a crowd like the one that filled the big ball room Wednesday night it was impossible to get a list of names. Music for the dancers was furnished by Smith's Saxophone Sextette from 8:30 p. m. to 3:00 a. m. The dance was a subscription affair, the proceeds realized to go toward providing the nucleus of a fund to be raised for the purpose of establishing a club room for members of Bourbon Post. The following were chaperones for the dance:

Mr. and Mrs. Sam Clay, Mr. and Mrs. Jim Woodford, Mr. and Mrs. John T. Collins, Mrs. Fannie Belle Sutherland, Mr. and Mrs. Allie Dickson, Mr. and Mrs. A. B. Hancock, Mr. and Mrs. Clarence Kenney, Mr. and Mrs. Walter Kenney, Mr. and Mrs. John Davis, Mr. and Mrs. Ed. Prichard, Mr. and Mrs. Ben Buckner, Dr. and Mrs. J. T. Brown, Dr. and Mrs. Chas. Daugherty, Mr. and Mrs. Frank Collins, Mr. and Mrs. Wade Whitley, Mr. and Mrs. Fay Ardery, Mr. and Mrs. Sidney Ardery, Mr. and Mrs. White Varden, Mr. and Mrs. Hugh Campbell, Mr. and Mrs. Lucien Arnsperger, Mr. and Mrs. James P. Lall, Mr. and Mrs. Robert S. Jones, Mr. and Mrs. Ernest Darn-

aby, Mrs. Mollie James, Mr. and Mrs. Ed. Burke, Mr. and Mrs. Woodford Buckner, Mr. and Mrs. Owen Davis. —Mrs. A. B. Blount, of New York, is a guest at the home of Mr. and Mrs. Stanhope Wiedemann, near Paris.

—Sherman Stivers, agent and correspondent for the Lexington Herald, is convalescing from a recent illness.

—Mrs. Edward F. Prichard was hostess Tuesday at her home on Seventh street to the members of the Tuesday Bridge Club.

—Mrs. Carlie Willmoth will entertain the members of the Friday Bridge Club this afternoon at her residence on Duncan avenue.

—Wm. W. Dudley, who has been seriously ill for three weeks of influenza, is still confined to his home on South Main street, slowly improving.

—Mrs. Elizabeth Huerkamp, of Cynthiana, mother of Mrs. Richard Welling, of Paris, returned Tuesday from St. Petersburg, Florida, where she spent the winter.

—I. Drake Thompson, of Somerset, was a business visitor in Paris, yesterday, in the interest of his firm, the Thompson-Humble Stave & Lumber Co., of Somerset.

—Mrs. J. Miller Ward, Mrs. Jas. W. Thompson and Mrs. Swift Champ were guests Wednesday of Mr. and Mrs. Jas. H. Thompson and Mrs. Abram Adams, in Frankfort.

—Mr. and Mrs. George Rassenfoss, Jr., who have been visiting relatives in Paris, have gone to St. Joseph's Hospital, in Lexington, where the former's mother Mrs. George Rassenfoss, Sr., of Mt. Sterling, is a patient.

—Flemingsburg - Times Democrat: "Capt. Robert A. Harbeson came in from Bourbon county Monday night to spend a few days with his parents. J. P. Harbeson and wife, and will assist in the choir at the revival at the Presbyterian church."

—Cynthiana Democrat: "Miss Emma Smith, of Paris, is a guest of her sister, Mrs. John W. Taylor, and Mr. Taylor. . . . Mr. Nova Simpson and family, who have been residents on R. F. D. No. 1, in this county, have removed to Bourbon county, and are living on R. F. D. No. 6, Paris. Hope these excellent people will return to Harrison."

CIRCUIT COURT.

When Court convened Tuesday morning the case of the owner of three frame tenement houses on Pleasant street, near Tenth, charged with maintaining a nuisance, came up for trial. The jury in the case was unable to agree, and was discharged, standing, it was said, nine in favor of the defendant, and three for the plaintiff.

The Grand Jury made a partial report, returning six indictments and adjourned to convene again next Tuesday. The petit jurors were dismissed until the same morning. The remainder of the week will be taken up with the hearing of equity cases.

The case of the relatives of the late W. H. Anderson, against his widow, Mrs. Lucy Alexander Anderson, of Paris, in which it was attempted to reverse the provisions of his will, was dismissed without prejudice. Mr. Anderson, who was for many years Superintendent of this division of the Louisville & Nashville railroad, took his own life several months ago. In his will he left his entire estate to his widow. His brother, mother and sister, residing in West Virginia, filed suit to have the will set aside and a division of the property made. Owing to the illness of the mother, which prevented her appearance at the trial, or having her deposition taken, the case was withdrawn.

HELP THE HOSPITAL.

The drive is still on. The Massie Memorial Hospital needs the money being raised for improvement purposes. Contribute now and give gladly. Many in the county have not yet subscribed. This is not a city or county affair. It is a matter affecting the interests of a whole community. Leave your subscription at any bank in the city or county or at any store in Paris. At any rate, contribute now and contribute liberally. We want to close the campaign. Remember the worthy cause and give of your means to the hospital fund.

BOURBON MEN ON FEDERAL GRAND JURY.

The following Bourbon county men have been summoned to Frankfort, to serve on the Grand Jury and the petit jury at the March term of the United States District Court, now in session: Grand Jury—Henry S. May and Wm. O. Hinton, Paris; Petit Jury—Duncan Bell, A. J. Austin, Charlton Clay, Jos. D. Booth, Paris; I. F. Wasson, Millersburg.

GET READY FOR "FLU"

Keep Your Liver Active, Your System Purified and Free From Colds by Taking Calotabs, the Nauseless Calomel Tablets, that are Delightful, Safe and Sure.

Physicians and Druggists are advising their friends to keep their systems purified and their organs in perfect working order as a protection against the return of influenza. They know that a clogged up system and a lazy liver favor colds, influenza and serious complications.

To get short a cold overnight and to prevent serious complications take one Calotab at bedtime with a swallow of water—that's all. No salts, no nausea, no griping, no sickening after effects. Next morning your cold has vanished, your liver is active, your system is purified and refreshed and you are feeling fine with a hearty appetite for breakfast. Eat what you please—no danger.

Calotabs are sold only in original sealed packages, price thirty-five cents. Every druggist is authorized to refund your money if you are not perfectly delighted with Calotabs.—(Adv.)

SWIFT & CO'S WEEKLY PRODUCE MARKET REPORT

Deliveries of cream this week have been light, but shipments of foreign butter continue to arrive at Eastern seaboard points and markets are quoted lower.

The poultry movement is about normal. Selling prices on dressed poultry in the large consuming centers are reported on a slightly lower basis. While stocks of frozen poultry are lighter than a year ago the movement from storage is not as heavy.

Receipts of eggs are increasing and lower prices have prevailed on the larger markets. As the supply becomes larger the market price will gradually decline until a storage basis is reached.

A TIMELY SUGGESTION

The next time you have a cough or cold try Chamberlain's Cough Remedy. It is pleasant to take and you are sure to be pleased with the relief which it affords. This remedy has a wide reputation for its cures of coughs and colds.

RESIGNATION OF ROPER ACCEPTED BY PRESIDENT

In accepting with "great regret" the resignation of Daniel C. Roper as Commissioner of Internal Revenue, President Wilson told Mr. Roper in a letter made public at the White House that he appreciated his services to the government for many years in different difficult positions and always with distinction.

Commissioner Roper based his resignation, his letter to the President disclosed, on a desire to "enter private life to pursue my personal plans."

HOUSE AND HOME GONE IS FEAR OF LOUISVILLE LADY

Claims Trutona Gave Her Such An Appetite, Nearly Lost Both

LOUISVILLE, KY., March 12.—"Trutona gave me such an appetite that I thought for a while that I would eat myself out of house and home," was the enthusiastic statement recently made by Mrs. Francis Bauer, a well-known Louisville woman who lives at 324 South Hancock Street. Mrs. Bauer is deeply grateful for the relief she gained through Trutona and her statement will undoubtedly convince many others of the Perfect Tonic's unusual merits.

"My system was generally run down," Mrs. Bauer said. "I had been suffering from asthma for some time and that, together with the infirmities of old age, made me feel very poorly. I had become so nervous that I could hardly sleep and I cared to eat nothing. If I did eat a little food it didn't digest properly."

"It took just one bottle of Trutona to give me such an appetite that I thought I would eat myself out of house and home. It seems that I began feeling better immediately after starting to use Trutona. I found that I could lie down at night, sleep all night, and get up in the morning feeling strong and refreshed. I had new energy. Trutona did everything that it was supposed to do in my case and I am glad to recommend it."

Trutona is now being introduced in Paris at G. S. Varden & Son's.

FAMOUS HOTEL BURNED AT FORTRESS MONROE

The Chamberlain Hotel, a famous tourist resort, erected by permission of Congress on the Government reservation at Fortress Monroe, was destroyed Sunday by fire that started in a room on the ground floor. So rapid was the spread of the flames that in two hours nothing was left but the ruins.

Army officers at the Fort and the hotel management declared that so far as they had been able to ascertain there was no loss of life. There were about 200 guests at the Chamberlain, which had in all 170 employees, not all of whom, however, were at work when the fire started.

In addition to the Chamberlain a large general store adjacent and the Adams Express Company were destroyed. Boats for Baltimore and New York and other points which were to have called at Old Point Comfort did not dock, but continued on their way, lighted by the glare from the shore.

The hotel was on the eve of the Easter season, which draws guests from all parts of the country, and was valued at \$2,000,000.

LOUISVILLE MAN GAINS 15 POUNDS

Never Drew Full Pay Until Tanlac Built Him Up—Works Every Day Now

"When a man has had stomach trouble for three years so bad he couldn't eat anything, not even eggs, without suffering afterwards and then finds a medicine that fixes him up so he can eat cabbage or anything else he wants, I think it's time for him to talk for the benefit of others. Well, that's what Tanlac has done for me, besides I'm now fifteen pounds heavier than I was the day I began taking it, a few weeks ago."

The above statement was made by T. H. Monroe, a motorman on the Preston and Eighteenth street car line in Louisville, Ky., living at 220 South Eighteenth street, while discussing the medicine recently.

"I never knew what it was to draw a full pay-check," Mr. Monroe continued, "for there was always from four to eight days taken out for time lost, on account of my being unable to work. I was in such bad shape that it looked like I would have to quit entirely."

"Nothing agreed with me and what little I did eat felt like lead in my stomach. My food would invariably sour, causing gas, bloating and worst kind of pains. I was constipated all the time, continually lost weight, and for three years I was miserable."

"But since taking Tanlac I am feeling fine and always draw full pay, for I am on the job every day now. I decided to try Tanlac because a lady living at Valley Station told me that Tanlac relieved her indigestion completely. I got a bottle and soon after starting on it I commenced to feel better. I have taken five bottles now and can eat cabbage, turnips or just anything else I want and never feel a touch of indigestion. Why, my stomach simply feels like a new one, and I'm just like a different man. Whenever any of my family complains of feeling bad I give them Tanlac. It is my family medicine and has saved me many a dollar and would have saved me lots more if I had known about it three years ago. Yes, sir, I certainly can recommend Tanlac, for I believe it's the best medicine ever sold in a drug store for any sort of stomach trouble."

"Tanlac is sold in Paris at People's Pharmacy."

TRAIN STRIKES AUTO. KILLING SIX

BOURBON, IND., March 11.—Six passengers were killed and two injured probably fatally when a Baltimore and Ohio fast train struck a Bremen-South Bend jitney bus at Bremen Sunday.

The dead were: Harvey Weiroch and Mrs. Floyd Berger, of Bremen; Mrs. Walter Bortz, Mrs. Carrie Baker, Mrs. Lena Rosztizer, of South Bend and an unidentified man.

The injured are: Walter Baker, husband of Mrs. Baker, and their infant daughter.

As the jitney neared the crossing the railroad track was hidden by a box car standing on a siding adjacent to the crossing. The driver did not stop to see if there was a train coming, it is said.

The engineer of the train sounded his whistle before reaching the crossing but did not see the jitney, it is said, until within a few feet of it.

WHY COLDS ARE DANGEROUS.

You are often told to "beware of a cold" but why? We will tell you: Every cold weakens the lungs, lowers the vitality and paves the way for the more serious diseases. People who contract pneumonia first take cold. The longer a cold hangs on, the greater the danger, especially from the germ diseases, as a cold prepares the system for the reception and development of the germs of consumption, diphtheria, scarlet fever and whooping cough. The quicker you get rid of your cold, the less the danger of contracting one of these diseases. Chamberlain's Cough Remedy has a great reputation as a cure for colds and can be depended upon. It is pleasant to take.

Two essentials of a growing bank—

Soundness—Liquidity

The fundamental essential of a bank is of course its soundness. Its usefulness in a community is measured, to a large extent, by its liquidity. A bank may be sound and yet its investments may be of such character as to render it of small service to the varied interests that can properly use it. A combination of these prime requisites is the rock foundation of a bank of service.

TORPEDOED!

Don't blast your Liver and Bowels, but take "Cascarets."

You men and women who can't get feeling right—who have headache, coated tongue, bad taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach and colds.

Are you keeping your liver and bowels clean with Cascarets, or shocking your insides every few days with Calomel, Salts, Oil and violent pills?

Cascarets work while you sleep; they cleanse the stomach, remove the sour, undigested, fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poison in the bowels. Cascarets never gripe, sicken or cause inconvenience and Cascarets cost so little, too.

DON'T BE MISLED

Paris Citizens Should Read and Heed This Advice

Kidney trouble is dangerous and often fatal. Don't experiment with something new and untried.

Use a tested kidney remedy. Begin with Doan's Kidney Pills. Used in kidney troubles 50 years. Recommended here and everywhere.

A Paris citizen's statement forms convincing proof. It's local testimony—it can be investigated.

Mrs. Chas. McCord, South Pleasant street, says: "I have used Doan's Kidney Pills at different times, getting them from Oberdorfer's Drug Store, and I have found them a splendid kidney medicine. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have found a box or so of Doan's Kidney Pills sufficient to cure me of the attack."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. McCord had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

STATE RACING BOARD ELECTS NEW SECRETARY

Edward G. Stoll, son of State Senator J. Will Stoll, of Lexington, is the new Secretary of the State Racing Commission.

The selection was made at the first meeting of the new commission, held at the Capitol Hotel, in Frankfort, with all members present except Senator Camden. The latter, who was chairman of the retiring commission, was again elected to that office and Jack Keene, a new member, was named vice-chairman. Others present were, Major T. C. McDowell, Lexington; R. W. Hunter, of Providence, and Ernest Polard, London.

Members admitted after the meeting that the bill now pending before the Legislature, which would have the effect of transferring authority over the size, number and amount of stakes and purses at all tracks from the Racing Commission to the Jockey Club, was among matters discussed, but declined to say what action would be taken. It is known, however, that Maurice Galvin and certain other stockholders, in the Jockey Club who are understood to have unusual influence with the present administration are offering a strong fight to put the bill through unchanged.

London's Rapid Growth.
Paris was the largest city in the world for several hundred years until about the end of the seventeenth century, when London overtook it. The population in Paris in 1680 was 500,000, while London had reached 530,000, the latter figure showing the rapid growth of trade and commerce during the Tudor period.

MARKED EPOCH IN INDUSTRY

Experience of Years of Warfare Should Have Effect on Coal Mining in This Country.

The inventory of the nation's resources that the war made necessary brought to light many new facts about coal mining which will be of lasting value to the industry and to the public. As long as the war lasted these incidental lessons were lost sight of under the pressure of meeting the emergency created by the shortage of fuels, but with the return of peace the experience gained during the war is being gathered together in a series of reports on the industry, the first of which, "Coal in 1917," by C. E. Lesher, has been published by the United States geological survey, department of the interior.

The period from 1914 through 1917 and 1918 and into 1919 may be regarded as a distinct epoch in the coal industry, of which the year 1917 represented only one section, but a section which, if not the most remarkable for its achievements, was at once the most chaotic and the most momentous in the history of the industry.

In response to the unprecedented demand the bituminous mines produced 551,790,563 tons, or nearly 10 per cent more than the output of the year before. The anthracite output was 99,611,811 net tons, an increase over 1916 of 13.7 per cent. The total output of both hard and soft coal was thus over 650,000,000 tons.

This record output was accomplished by a labor force of 603,143 men in the bituminous and 154,174 in the anthracite mines. In spite of the draft the number of workers in the bituminous industry was greater in 1917 than in 1916.

UNCLE SAM'S GAME RESERVE

Island of Afognak, on South Coast of Alaska, Peculiarly Adapted for the Purpose.

One of the most picturesquely interesting parts of our national domain is a large island off the south coast of Alaska. It is called Afognak and is about 65 miles long by 40 in width, with a very irregular shore line and deeply indented by bays.

It is the property of the government, and in 1892 was set aside by President Harrison as a game and fish reserve. The important purpose that it serves is that of a preserve for salmon, all the finest varieties of which run up its stream in great numbers at the breeding season to spawn.

Afognak is a mountainous island, of volcanic origin, its loftiest peak rising to an elevation of 1,300 feet. In the interior are a number of large lakes, which are the breeding grounds of the salmon. One of these, Letnik lake, is seven miles long, and on its shore is located a big government fish hatchery.

In the days of long ago, before the United States bought Alaska, the salmon fishery of Afognak was operated by the Russian-American company, which established on the island a colony of its superannuated and pensioned employees. These were Aleuts, whose descendants today compose the native population, somewhat more than 400, though their blood is much mixed.

Soldiers and Banana Growing.

The New South Wales government has not been long in providing its returning soldiers with work. One of the enterprises undertaken with this object is the cultivation of bananas on a large scale. There is no fruit crop that yields such a quick return as the banana and in the present flourishing state of the market no better undertaking could have been selected, given the right men. It is not work for the lazy. But among the demobilized troops are plenty of men who are young, tough and teachable. Four hundred acres have been taken as a beginning and each settler has 12 months' probation before a black is entrusted to him. The sum of £625 is advanced to each for implements, stock, and house-building material. The soldiers have already started and enjoy their rough life in the hills. The experienced planter, Mr. C. Rose, who is in charge, sees nothing but success ahead in reward for their efforts.

Prickly Pear Proving Pest.

Australia is suffering from a prickly pear pest, which takes advantage of the rivers as a means of spreading. Shoots break off from the parent plant growing along a stream and the part is carried downstream to found a new colony. Thousands of acres are being ruined yearly owing to the ravages of this plant, and no means have been discovered of stopping its march. Rolling, spraying and poisons have proved ineffectual, and it is hoped that some scientist may find some commercial use for the plant.

Indian Women Progressing.

Oklahoma Indian girls are as much interested in the canning campaign as their paleface sisters. In Beckham county, Okla., they attend all the meetings held by the home demonstration agent, and this year made an excellent booth exhibit of the fruit and vegetables they had canned and dried. One Indian woman also exhibited 100 chickens of her own raising.—Exchange.

London's Housing Problem.

The London housing board has inspected 2,000 houses that may be converted into flats. Of these 1,000 have been approved and work is to be commenced immediately. Work has also been begun on 8,000 houses.

THE TRAIN SHEET.

The familiar railroad time table, with its figures and dotted lines, is only a small edition of the real table by which trains are run. The official time table is a very large and complicated affair and could not possibly be carried about in one's pocket. It would require a sheet nine feet long and three feet wide, ruled in three eight-inch spaces, to record the trains which pass out of a large terminal station in a single day. To overcome the necessity of so cumbersome a piece of literature, an hourly time table is used. The train dispatcher's time table, for example, contains the number of trains, name of conductor and engineer in full, the number and kind of cars in the train, the time it left the station, the time it left the train yard and the time it passes various signal stations for many miles.

KENTUCKY NEAR TOP IN RED CROSS STAMP SALE

Sale of Red Cross Seal stamps in this country in 1919 totaled \$4,200,000, according to reports received at headquarters of the National Tuberculosis Association. This is more than double the last previous sale in 1917.

The largest sales thus far recorded are: New Hampshire, 14 cents per capita; Tennessee, 9 1/2 cents, and Kentucky, 7 cents.

HOOVER WON'T RUN?

Herbert Hoover will not permit his name to be used in the California presidential primary, as he is not a candidate for the office, according to a telegram from him read by Galvin McNab, and the Democratic State committee meeting at San Francisco.

"While highly sensible of the great honor implied in the desire of many friends to place my name in nomination as a candidate in Democratic primaries," the telegram read, "I deem it due to them to advise them that I am not a candidate. I therefore cannot approve of the use of my name for that purpose."
"HERBERT HOOVER."

MILLERSBURG

—Mr. Tuck Gilmore left Sunday for Cincinnati, where he has accepted a position in an automobile factory.

—Mr. C. C. Clarke will leave Saturday on a prospective tour in Tennessee, with a view of purchasing a farm.

—The Twentieth Century Club will meet with Miss Ruth McClintock, Saturday afternoon. All members are urged to be present.

—Mr. and Mrs. S. M. Allen attended the wedding of Miss Susie Clarke, at Mayslick, to Mr. Frank Allen, of Sharpsburg. The groom is a cousin of Mr. Allen.

—Miss Nannie Louise Best, of Sayre College, Lexington, arrived Thursday as the guest of her brother, Mr. A. S. Best, and family, and will remain until Monday.

—The Pastor's Aid Society of the Presbyterian church, held an all-day meeting in the basement of the church Wednesday. Considerable work was done and a delightful lunch was served at noon.

—Mrs. R. C. Bornar slipped on her kitchen floor a few mornings ago, striking her right hand against a red hot cooking stove, inflicting a severe burn. Some water had been spilled on the floor the night before, and had frozen, which caused her to fall.

—Assistant Attorney General G. B. Smedley has returned to his home at Austin, Texas, after a few days' visit to his sisters, Mrs. Mary Boston and Mrs. C. B. Smith. He was called here on account of the critical illness of his brother-in-law, Dr. C. B. Smith.

—THE SICK—Dr. C. B. Smith remains about the same at Massie Memorial Hospital, Paris; Mrs. Case is doing nicely at Massie Hospital, Paris, and hopes to be able to return home in the near future; Mr. E. M. Ingels is improving nicely; Little Miss Marguerite Redmon continues critically ill; Mr. and Mrs. J. P. Redmon and nurse are improving nicely.

—Col. C. M. Best, while driving through the streets of Shelbyville some days ago, in his motor car, collided with another car, smashing one wheel, and slightly damaging the other car. He, in company with one of the cadets of the institution, and a nurse of the institution, was en route to the home of a cadet, who was ill from the effect of scarlet fever. The nurse sustained a broken arm. Col. Best's car was not damaged as badly as first reported, and was returned to him Tuesday, by Mr. Roscoe Linville, of Shelbyville, who is spending a few days with his brother, Mr. H. B. Linville, of Shelbyville, who is spending a few days with his brother, Mr. H. B. Linville, and family.

PUBLIC SALES EASING UP.

During the months of January and February and the first week in March there was a general rush to dispose of town and country property. Auctioneers were kept busy and public sales were held every day in the week. Nearly everyone seemed to be willing and many were anxious to dispose of farms, etc. The volume of real estate transfers in Paris and Bourbon county the past fall and winter will total an enormous sum. County Clerk Pearce Paton and assistants have had all they could do to attend to the work of transferring, copying and recording. There is at present a lull in the market, which may be revived at any time. The banks, real estate men, attorneys and many others profited largely through the rush to sell.

BIRTHS.

—Near Clintonville, to the wife of Daniel Henry, a son, christened George Varden Henry.

—At Irvine, Ky., last week, to the wife of McVey Howard, formerly of Paris, a son, christened Edward McVey Howard. Mr. and Mrs. Howard recently moved from Paris to Irvine, where Mr. Howard holds a responsible position with the Louisville & Nashville.

MORNING IN THE WOODS.

"As one pushes through the fringe of undergrowth which skirts the forest and seats himself, at daybreak, on a stump or a fallen tree to watch and listen, the woods become instinct with life," says Arthur F. Rice. "The blue jay sounds his trumpet call, the crows hold noisy consultation over their plans for the day and a ruffed grouse whips the twigs of the pine with her wing as she leaves her roost. The chipmunks scurry about from stump to stump, now rushing precipitately to cover, now coming forth again to take a critical view of the intruder. Their larger cousins, the red squirrels, come out from the hemlocks and, perching on a dead branch, rattle out a challenge to all comers. At last comes the sound for which you have been waiting and which makes the heart beat faster. It is a thrashing among the boughs of the hollow maple near by, telling you that the gray squirrel is out after his breakfast.

"Away he goes toward some big oak or hickory, scattering a shower of dew from the leaves as he jumps from limb to limb, revealing his course by the springing branches he leaves behind him. If his suspicions are aroused by anything he sees or hears, he stops, cocks himself up on a limb or plasters himself against a tree trunk and barks disapprovingly, accentuating each syllable with a jerk of his broad tail. Of all the sounds in nature, there are few which thrill me like the bark of the gray squirrel."

An ounce of action is worth a pound of threats.

RELIGIOUS.

—The Presbyterian Mission Auxiliary will hold their regular meeting in the church parlors on Tuesday, March 16. All the members are requested to be present, as the Progressive Program of the church is to be discussed.

CHRISTIAN CHURCH CALENDAR.

—Sunday, 9:30 a. m., Sunday School; Sunday, 10:45 a. m., Morning Worship; Sunday, 2:30 p. m., Mission Band; Sunday, 6:30 p. m., Christian Endeavor; Sunday, 7:30 p. m., Evening Worship; Monday, 7:30 p. m., Male Chorus Practice; Tuesday, 7:30 p. m., Choir Rehearsal; Wednesday, 3:30 p. m., Treble Clef Club; Wednesday, 7:30 p. m., Prayer Meeting; Friday, 7:30 p. m., Choir Rehearsal.

PRESBYTERIAN CHURCH.

—Sunday School, 9:30 a. m.; Christian Endeavor at 6:10; Preaching at 11 a. m. and 7:15 p. m., by the pastor, Rev. T. S. Smylie. The morning subject is "Renters On God's Acres." The evening subject is, "The Stubs of a Man's Check Book Are An Index to His Soul."

Ten different races are served by the Home Mission Work of the Southern Presbyterian church—Mexicans, Cubans, French, Italians, Bohemians, Hungarians, Poles, Syrians, Chinese and Indians. These people have come from foreign lands to work in American industries. The church is giving them a chance to serve America's God. The missions for them are scattered over the Southern States. Besides this tremendous work the Home Mission Board is doing work among the mountaineers, the negroes, and the poor people in desolate places of the country. The church conducts a seminary for colored preachers at Abbeville, South Carolina, besides about forty schools with one hundred scholars. To sustain and promote this great work is one of the points of the Presbyterian Progressive Program, in which the First Presbyterian Church of this town is engaging with Mr. John Woodford as Chairman-Manager.

"STATISTICS."

"O Lord, bless me and my wife, my son John and his wife, us four and no more," might have been the prayer of one man, but it is not the spirit of the churches of America in 1920. It is not the spirit of the Southern Presbyterian church, as is shown in the spirit of the Presbyterian Progressive Program. This church has over 364,000 members. The foreign mission field which has been assigned to it has more than 31,846,000 people in it. About 87 heathens are looking to each man, woman and child of this church for news of Christ. The church has sent out 384 workers. They have trained a force of 3,024 native workers. There are 1489 regular places of worship. The Southern Presbyterian Church in foreign lands is roughly one-eighth as large as it is in America. There are 43,221 members in seven countries, China, Africa, Japan, Korea, Mexico, Brazil and Cuba, and 5,489 members were added to these churches in 1918. There are 752 schools with 27,684 students. Twenty-six doctors and 12 trained nurses run 15 hospitals, using 46 buildings, which, in 1918 accommodated 9,936 patients, performed 2,267 major operations, and from 19 dispensary buildings gave 94,404 persons a total of 333,635 treatments. It is estimated that \$1,332,000 will keep this tremendous work going for the next year.

THE OLDEST AMERICAN

Several scientific investigators agree that the Indian as we know him is a comparatively late comer. Whether he arrived by way of Alaska from Asia may never be discovered, but the relics of his civilization are believed to date back not more than a few thousand years at most. There is much evidence on the other hand to indicate that men lived in North America at the close of the Ice Age and perhaps during the glacial period. The evidence is found for the most part in the Ohio and Delaware valleys. The rude instruments these men used in hunting and homes have been found buried deep in gravel which is believed to date back to the close of the Ice Age. If this be the case men lived in America 10,000 or 15,000 years ago. Some geologists believe that the gravel deposits are considerably older. How these men found their way to America in remote antiquity, how much of the land they occupied and where they disappeared are perhaps the most fascinating problems in American archaeology. The patient investigations of many trained scientists are carrying us every day nearer the answer.

KENTUCKIANS IN NEW YORK RAISING MEMORIAL FUND.

Word comes from New York that Kentuckians residing in that city have launched a campaign for \$30,000 as a donation to the fund for the erection of a suitable State memorial building on the campus of the University of Kentucky to the memory of the 2,756 Kentucky soldiers, sailors and marines who lost their lives in the world war, and Howard H. Ingels, formerly of Lexington, vice president and general manager of the Carrier Engineering Corporation, 14 Wall street, has been appointed chairman of the New York campaign committee. He has just issued a circular letter to all Kentuckians in the metropolis to honor the memory of their deceased brothers by aiding the fund. The plan is to raise \$300,000 for the proposed memorial.

If you would please a woman, say nothing and listen.

DEATHS.

SOPER.
—Russell W. Soper, aged twenty-six, died Wednesday at the home of his parents, Mr. and Mrs. John W. Soper, in Carlisle, after a short illness. Mr. Soper was related to the Soper family of Bourbon county, and was well-known here, where he had frequently visited. He is survived by his parents, and his widow. The funeral was held yesterday morning at the family home in Carlisle, with services conducted by Rev. W. P. Crouch, pastor of the Carlisle Christian church. The interment followed on the family lot in the Carlisle Cemetery.

TODD.

—Mrs. Susan G. Todd, aged 85, formerly of Paris, died last week at the home of her daughter, Mrs. Frank Holland, on North College street, in Bloomington, Indiana. Mrs. Todd was a sister of the late Mrs. Jas. McClintock, Sr., and an aunt of James D. McClintock, the late John J. McClintock, and Will D. McClintock, of Paris, and Mrs. Arch Faxton, of Lexington. The Bloomington, (Ind.) Telephone, says: "The death of Mrs. Susan G. Todd occurred Wednesday night at 11:45 at the home of her daughter, Mrs. Frank Holland, North College." "The death of Mrs. Susan G. Todd home with her daughter here and was truly beloved by the few whose privilege it was to know her in her retired and quiet life. She was a woman of rare qualities—those things which make the finest fibre of perfect womanhood. A devoted wife, a faithful and loving mother and a beautiful Christian spirit. Her husband, Dr. L. L. Todd, one of Indiana's best known physicians, died nineteen years ago in Indianapolis, where they had made their home. Mrs. Todd is survived by four daughters—Miss Susan Todd, Mrs. S. D. Murphy, of Birmingham, Ala., Mrs. Frank Holland, of Bloomington, Miss Nan Todd, of Indianapolis, and there are five grandchildren—Luther Todd, Murphy and Samuel D. Murphy, Jr., Phillip Todd Holland, Elizabeth Chittenden Holland and Wm. Ernest Holland. "There was brief services Friday at 3 o'clock, at the Holland residence, 514 North College avenue, and a burial service Saturday at Crown Hill Cemetery, Indianapolis."
